

ADDENDUM NO. 1

Date of Issue: **NOVEMBER 30, 2011**

Project: **ADA BATHROOM RENOVATION
AT SCHUYLKILL HAVEN HIGH RISE**

Project Owner: **SCHUYLKILL COUNTY HOUSING AUTHORITY**
245 Parkway, Schuylkill Haven, PA 17972

Bid Due Date: **DECEMBER 5, 2011 AT 12:00 PM** (Noon, Local Prevailing Time)
At the office of the Schuylkill County Housing Authority

The following changes, additions, revisions and/or clarifications are hereby incorporated into and shall become part of the contract documents and are issued to amend or clarify the drawings or specifications. Any items not mentioned herein nor affected hereby shall be performed in strict accordance with the original specifications and drawings. Failure of any bidder to acknowledge receipt of this Addendum in the space provided in his Proposal, may be sufficient cause for rejection of his Proposal.

Prior to submission of a bid for this project, all Contractors are urged to visit the Levkulic Associates website at www.levkulicgroup.com to view the most current information pertaining to this project.

I. GENERAL CLARIFICATIONS:

- A. Existing flooring material and existing drywall compound has been tested positive for asbestos containing materials. The Owner will remove the drywall surrounding the shower, existing tile floor and ceiling coating in both unit 304 and 204. Contractor shall coordinate removal and scheduling closely with the Owner. Contractor shall be responsible for any further required removal not completed by the ACM Contractor. Contractor shall install new AC/T ceiling as specified in unit 304 and 204 as part of this Contract.
- B. Refer to attached revised Prevailing Wage Rate Determination (13 pages).
- C. Refer to attached revised Table of Contents. Table of Contents was inadvertently omitted from the original project documents. (2 pages).
- D. Reilly Mechanical submitted an RFI asking the following:
 - Q: My question is a clarification. Do you have an ACO model number? I cannot find anything in the spec book on this drain. The only trench drains we have seen are quite deep and I believe your intention is for something very shallow due to the concrete floor. Do you know how thick the floors are? Do you anticipate any problems with cutting the floor to recess the shower unit? Has this been addressed or is it the contractors responsibility?
 - A: The ACO model shall be QuARTz or equivalent. Model shall be ADA compliant. The concrete floors appear to be 7.5" thick in the work area. We do not anticipate issues with cutting the floors to install the shower and drain. Field conditions may vary. The reinforcement indicated on the original project drawings are bent reinforcement bars. No tensioned cables or other structural reinforcement in the slab is noted.

END OF ADDENDUM

LA Project No. 11-045

General Decision Number: PA100008 11/25/2011 PA8

Superseded General Decision Number: PA20080008

State: Pennsylvania

Construction Type: Building

Counties: Lebanon, Northumberland and Schuylkill Counties in Pennsylvania.

BUILDING ERECTION AND FOUNDATION EXCAVATION PROJECTS (does not include residential construction consisting of single family homes and apartments up to and including 4 stories), (excluding sewage and water treatment plant projects).

LABORERS CLASSIFICATIONS

GROUP 1: Cleaning, scrubbing, washing and polishing of floors, furniture and windows, stripping, dismantling, oiling and moving of concrete forms, loading, unloading and carrying of reinforced steel, handling and distribution of lumber of all other building materials, unloading, carrying, distributing and laying of pre-cast concrete slabs and planks in accordance with decisions of record, wrecking, moving and demolishing, underpinning and shoring of all structures, signal person and flag person, landscaping and nursery work, toolroom person, operators of salamanders, smudge pots, propane gas and kerosene burners and all other heating methods. Cleaning of precipitators, operating of jackhammers, busters, drills and all other pneumatic and electric hand tools, wagon drills, air and hydraulic, on or off tracks, power buggies, concrete mixers, pump and vibrators, walk-along compacting equipment, vibrating and tamping, gunniting machines (including the nozzle), operation of steam jennies, sandblasting (filling the pot, cleaning up of sand, use of nozzle), pumps 2: or under conveyors, vacuum cleaners, all types (ride or walk-along), concrete saws and cutting equipment, burning and welding torches, dynamite blasters and swing scaffolds, slings and bosun chairs. Laying of non-metallic (clay ironstone, terra cotta, vitrified concrete and plastic) pipe and making of joints for same, walk-along lifts and similar machines, pouring and placing of all concrete and related materials, all concrete curing applications.

GROUP 2: Asbestos removal, hazardous and toxic waste removal, all work in connection with handling, control, removal, abatement, encapsulation or disposal of asbestos and/or toxic waste will be assigned to the member of the Laborers' International Union of North America not to be limited to the erection, moving, servicing and dismantling of all tools and equipment normally used in the handling, control, removal or encapsulation of hazardous material, this Agreement covers work tasks associated with any and all safety requirements and final clean-up and disposal of such hazardous waste material.

GROUP 3: Mason tenders, mixing of mortar, plaster and mortar pumps, plaster tenders, caisson work, blast furnaces, coke ovens and all related work, erection and dismantling of all scaffolding, including tubular frame, manual and powered climbing scaffold, swing scaffolds, slings, bosum chairs, and all associated safety protection including barricades, nets and ropes, scaffold weather enclosures; shoring; mortar buggies; concrete pumps; walk-behind forklifts; electric welders torches, compressors, generators and the repair and maintenance of same; jackhammers, tampers; cut-off saws & other power equipment required for demolition; rotary-hammer drills, electric & pneumatic hand-tools; transit, levels & lasers; tempering motar;

stocking scaffolds with masonry materials including brick, block, mortar, teera cotta, architectural pre-cast concrete, natural stone, insulation & mastic, flashing, anchors & ties, grout; mobile lifting platform scafforing powered by any power mode or method ; cleaning of all masonry debris.

GROUP 4: Skid-steering loader and forklift laborers. Operation of rough terrain folkifts, skid-steering loaders.

GROUP 5: Mason Tender Crane Operator, Pioneer, 9000 truck crane, self erecting portable power, crane similiar to the POTAIN HDT 80

GROUP 6: Plasterer, dryvit tender, mixer of plaster and dryvit, plaster pumps, plaster tenders, scaffold builders, mobile lifting platform scaffolding - by any power, mode or method, caisson work, erection and dismantling of all scaffolding includign tubular frames, manual and power climbing scaffold, swing scaffod, slings. bosum chairs, and all associated safety protection including barricades, nets and ropes, scaffold weather enclosures, shoring, mortar buggies, concrete pumps, walk behind forklifts, electric welders, torches, compressors, generators, and the repair and maitenance of same, jackhammers, tampers, cutoff saws, and other power equipment required for demolition, rotary hammer drills, electric and pneumatic hand tools, transit, levels and lasers, and the cleanup of all plaster debris

TRUCK DRIVERS CLASSIFICATIONS

GROUP 1: Flat Bed Truck (Single-Axle), Dump Trucks (Under 10 Yds Single Axle), Stake Body Trck (Single Axle), Dumpster (Single Axle)

GROUP 2: Dump Truck (Over 10 Yds), Asphalt Distributors, Transit Mix (Under 5 Yds), Transit Mix (Over 5 Yds.), Flat or Stake Body (Tandem), Fuel Truck A-Frame/Winch Trucks, Dry Batch Truck, Truck Mounted Sweeper and Vac Trucks, Buses, Dumpster (Tandem)

GROUP 3: Euclid-Type, Off Highway Equipment-Back or Double

Bottom Dump Trucks (Over 20 Tons), Straddle Trucks, Pusher, Articulate Dumped Trucks, Low Boy Trailers, Semi Trailers

Water Tank, Sprinkler Trucks, Winch Trucks and Fuel Trucks shall be governed by the appropriate classification as listed above.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION
